3. Spiritual Well-Being

Personal domain: The search for meaning, purpose and values in life.

Communal domain: The quality and depth of interpersonal relationships.

Environmental domain: Care and nurture for the natural world along with experiences of awe and wonder.

Transcendent domain: The relationship of self with some-thing or some-One beyond the human level (i.e., God, or ultimate concern). This involves faith and worship.

Fisher, J. 'Development and Application of a Spiritual Well-Being Questionnaire Called SHALOM' in Religions 2010, 1, 105-121
